

## Wallpaper Stripper Technical Data Sheet

### Description

Bartoline Wallpaper Stripper is a concentrated product formulated to aid the fast removal of wallpaper.

### Directions

Add a 125ml of the contents of the bottle to 4.5 litres of warm water. Stir well and apply the solution liberally with a cloth, sponge or brush to the wallpaper. Allow the solution to penetrate for approximately 15 minutes before stripping in the normal manner. If there is more than one layer of wallpaper the process may have to be repeated. Washable wallpaper should be scored to allow the solution to penetrate then proceed as above.

### Health and Safety

See MSDS for full information.

### Technical Data

Measurement	Value	Test Method
Physical State	Liquid	Visual
Colour	Orange	Visual
Odour	Slight detergent	
Flash point	>100°C	
VOC content	None	
Density	0.955 – 1.055	
pH	6.5 – 7.5
